Subject: Highland Branch Amalgamation Dinner

Dear Bob,

I'm now Secretary of the London Branch, Seaforth Highlanders Regimental Association, and I have received your circular about the Amalgamation Dinner on 3rd February. It will be a splendid occasion and I, like our other members, would very much like to attend it. But, regrettably, age and logistics are against it. We are all elderly now. I am the youngest and I am 81. I have circulated your details of the Dinner, but only one, namely Tommy Day, has considered attending the event seriously. I have sent him the details and he will contact you if he decides to attend. But I doubt if he will contemplate a visit to the North of Scotland at this time of year. For us, so far away from our homeland and at our age, this is not the best time of year for travelling so far.

I do hope to attend the AGM later in July. I must ascertain the date of the AGM as soon as possible in order to make arrangements. I hope to see you then.

Yours,

Jimmy Fraser

Bob's Reply

Jimmy,

Many thanks for taking the time to reply. You certainly set a good example to us younger members on how to maintain interest. Wishing you and all members of the London Branch all the best for 2012.

Yours aye,

Bob
