

Opportunity for a recording Interviewer

At cabarfeidh.com we are always looking at moving forward, so we have come up with the idea of having sound interviews once a month. What we are looking for is someone that can conduct that interview.

They would be responsible for setting out the interview, getting in touch with the interviewee, and making sure of their comfort before and during the interview. They will have nothing to do with setting up the sound system but you will have a say in the editing.

In your interview with us you will be requested to go through your interview skills while being recorded

As this website gets no funding I am afraid that there would be no payment for this job and would be strictly on a volunteer bases, but it will give the proper person an opportunity to further their skills in journalism. And you never know you may become the futures Andrew Marr.

All you have to do now is get in touch with cabarfeidh.com by emailing us at seoras23@cabarfeidh.com if you think you are the right person for this job and why.

Regard

Seoras & David cabarfeidh.com
