Theater of War is an innovative project that presents acclaimed actors and Veterans performing scenes from Sophocles' *Philoctetes*—an ancient play about a young man who is sent to betray a decorated warrior who has been abandoned on a desolate island—as a catalyst for facilitated town hall discussions about healing the visible and invisible wounds of war. Using Sophocles' play to forge a common vocabulary for open dialogue, these events are aimed at generating compassion, understanding, awareness, and connection. Each performance is followed by community panelist remarks and a guided audience discussion.

Co-presented by Theater of War Productions and Bravehound.

This event will be captioned in English.

Translated, directed, and facilitated by Bryan Doerries
